

Hearts OF FAITH

Expanding the Arlington Life Shelter

Dear Friends,

As the City of Arlington continues to grow, so do the needs of our homeless population. While Arlington Life Shelter served over 1000 homeless men, women, and children they are forced to turn many away. So the Arlington Life Shelter Board of Directors have launched the **Hearts to Homes Capital Campaign** to raise \$5.2 million for expansion and enhanced services, especially focused on families.

Through our own faith communities, we have volunteered alongside more than 61 other faith communities preparing meals and providing hope for those the shelter serve. We have gladly stepped forward to help raise the funds required.

We ask that you look into your personal Heart of Faith and join us in making a contribution to the campaign. Your support and that of our faith communities is critical to the ongoing local mission work of the Arlington Life Shelter.

Hearts TO HOMES
Building better paths to self-sufficiency.

We need your help to raise \$5.2 million to:

- Support the demand for space for women, children and families by adding 7 family bedrooms
- Allow residents to remain in the shelter during the day and on weekends by adding additional shared space
- More efficiently prepare and serve meals to residents with a new, larger kitchen and dining area
- Expand resident programming/services with a new computer lab, new training/classroom and interview space
- Create space for partner agencies and employers to conduct interviews, job training classes
- Increase children's educational and recreational space with separate activity rooms for toddlers, elementary-age children and teens and add an outdoor, enclosed playground

Pray with your faith community and family and decide if you can support this local mission!
